

The Bible Society in Northern Ireland is one of 16 Bible Societies that supports the ministry of another 130 Bible Societies around the world. Together we are all working to make God's name known through His Word. BSNI supports the translation, printing and distribution of the Bible in around 50 countries each year – often to families who could not hope to obtain Scripture unless it was heavily subsidised.

The ***Bread of Life*** project in Peru is just one of the many projects being supported by the Bible Society in Northern Ireland.

BIBLES

# Bread of Life

**The Bread of life project in Peru has been running for over ten years, bringing support and love to children through God's Word.**

Using church halls and centres, the Bible Society invites children in to share a breakfast with them and to teach them from the Bible.

Many children in Peru are living in extreme poverty and suffer from chronic malnutrition and domestic violence. These children need to know who God is and experience what it's like to feel loved.

2/3 of children  
in Peru live in  
poverty

During the last ten years over 4,000 children have received holistic care, with a daily nutritious breakfast or tea, Bible classes and age-appropriate materials. Further, the children have been introduced to the Gospel and Christian values and encouraged to develop good habits such as tidiness, discipline, punctuality and cleanliness.

"My name is Marisol Ruth. I'm 11 years old..."

One day, one of the neighbours invited my mum. She told her, "Marisol can have tea at church; get her to register."

We went that very day and I've been having tea there since then: milk, bread, butter and jam. I've grown and put on weight. I've met other children and learned to pray.

I didn't know the Bible. Now I'm in the Bible classes. I colour, fill in crosswords, make jigsaw puzzles and sing songs. I'd like to play the piano at church.

I would like to thank the mothers that prepare our tea. I won't forget all this. Thank you for what you are doing. God bless you."

**Your gift will help these children to receive a breakfast each morning and to receive the Bible teaching and Scripture that they need to grow into a knowledge of Jesus Christ.**

**Every £40 raised** will meet the cost of workshops, staff travel, Scripture materials used by the teachers in the Bible classes as well as a nutritious breakfast for a child each morning for a period of 4 months – milk, cereal, and fresh bread rolls with butter & jam.
