

## **Bible Change Collection Box**

Back in the winter of 2013 we went a little bit retro! We launched our brand new, old-style collection box!

These have been proving quite popular! If you don't have one, please get in touch.

We have been thrilled to hear that a few groups have been using the collection boxes. One Youth Group even gave each of their members a box to encourage them to not only support Bible Society ministry, but to learn about giving.

Is this something you could introduce into your group?
